

ALGEMENE VRAE

By ons skool streef ons daarna om elke kind se opvoedkundige reis so gerieflik as moontlik te maak deur hulle toe te rus met die nodige vaardighede vir laerskool e daarna. Terwyl ons kleintjies nog baie jonk is, monitor ons hul ontwikkeling noukeurig en lig ons ouers in indien ons voel 'n kind kan baat by 'n bietjie ekstra ondersteuning. Indien nodig, is julle welkom om een van die volgende arbeidsterapeute te kontak.

At our school, we strive to make each child's educational journey as seamless and enjoyable as possible by equipping them with the skills they need for primary school and beyond. While our little ones are still very young, we carefully monitor their development and proactively inform parents if we feel a child could benefit from a little extra support.
